

keyOwn

Your Partner Profile from Winkhaus – exclusive, flexible, successful.

Because partnership deserves exclusivity.

Partnership – at Winkhaus, this means that you benefit from over 160 years of market experience. That you always have a specialist at your side. That you can rely on innovations and quality made in Germany, as well as extensive services from a single source.

In addition to our keyTec and keyOne series, we at Winkhaus are now going one step further in terms of cooperation with the keyOwn Partner Profile. This means that we are offering you an exclusive profile – tailored to your requirements.

You can also look forward to direct access to our support team providing strategic and operational support. In this brochure, you can find out exactly what this means for you and how you can further expand your market success.

Take the opportunity to position your business even more successfully, sustainably and personally with keyOwn.

We look forward to seeing you there –
Your Winkhaus keyOwn team

From acquisition to cylinder pinning – Partner Profile advantages.

The Winkhaus keyOwn Partner Profile is more than just a product: It is a comprehensive partner programme with numerous support features.

Perfectly positioned for initial and follow-up orders

Your Winkhaus Partner Profile provides you with an individual and protected system. Only you have access to it. This sets you apart in the market and secures long-term orders. By the way: We are happy to make this unique aspect visible. With the individual labelling of your keys and security cards, we ensure a high level of recognition – and strengthen your market position.

Flexible and fast with product, assembly, delivery

From high-performance systems for individual locks to complex locking hierarchies – choose from a wide range of products for your Partner Profile and remain flexible. Order as required and individually. You can rely on a fast response time and high quality thanks to our automated production at the Münster plant.

Optimal advice at every stage of the project

Benefit from our active, comprehensive advice, both on commercial and technical matters. From project planning to execution: As a keyOwn Partner, you always have a direct line to your contact person.

Thanks to our special partner services, from cylinder pinning training to archiving locking plan data, you have a head start – more on this on the next page.

“My own Winkhaus profile sets me apart from others – a real advantage on the market.”

Renzo Kornmüller
Winkhaus partner

Your benefits

- + Comprehensive advice
- + Broad product portfolio
- + Exclusive profile
- + Individual security cards and key labelling
- + Maximum flexibility in product selection and delivery

Services that bring professionals forward – keyOwn Partner support.

As a keyOwn Partner, you can enjoy full flexibility and full support from our team of specialists.

Cylinders and keys – you determine the degree of production

Order pre-pinned, assembled and packaged cylinders with keys or carry out part or complete pinning, as well as key cutting yourself.

Training and workshop equipment

In our in-house training sessions, we provide you with practical know-how on cylinder pinning. We are happy to carry out factory tours. Videos and instructions on various topics keep you informed later in your daily work. We are also at your side with our experience and specialist knowledge in the selection of machines, equipment and initial investments – naturally manufacturer-neutral.

Support with calculations

You decide whether you want to carry out the calculations for locking systems yourself or in cooperation with us. We would be happy to support you and provide you with additional security for your project.

Documentation – because after the project is before the project

On the safe side: We archive the data of a factory-made locking system for you in your Partner Profile at our factory. This includes locking plan data, order or production documentation.

Get started and increase sales! Create your keyOwn Partner Profile in just a few steps.

Join the keyOwn team.

There are enthusiastic keyOwn Partners throughout Germany and Europe. The Winkhaus Partner Profile ensures greater visibility in the market and your competitive advantage. The basis for more customers, more sales, more success.

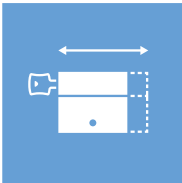

The high quality and broad product portfolio are particularly impressive. Whether for individually secured locks with a security card for your own home or for locking system planning for small, medium or larger locking systems. We also offer tailor-made products for enhanced security requirements and special requirements. Fire protection approvals or increased attack resistance classes according to current standards and guidelines, support in meeting the necessary resistance classes with drilling and pulling protection variants or special requirements such as tear-off protection or seawater resistance are just some of the advantages we offer you.
